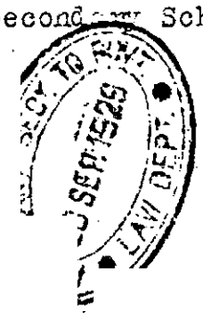
Subject.

Government Middle School for Girls, Bellary - conversion into a Secondary School - Proposals - Submitting.



R.O.C.No. 853 A/28

Station Madras , *Dated the* 26th September 1929.

From (Name) R.G. Grieve, Esq., M.A., F.R.G.S.,

(Designation) Ag. Director of Public Instruction,

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir,

The Government Middle School for Girls, Bellary, consists at present of classes 1 to 5 and Forms I to IV. Nine pupils are reading in the IV Form opened with reference to G.O.No. Mis. 1651 Education dated 2-8-1929 during the current year and the Inspectress, 3rd Circle re[illegible]s that, the school be raised to the status of a complete Secondary School, Forms V and VI being opened in 1930-31 and 1931-32 respectively. In view of the circumstances explained in para 2 of my letter to Government R.C.C.No. 865 A/25 dated 4-10-1927 (read in G.O. No. Mis. 822 Education dated 20-4-1928) regarding the need for

a Secondary School for girls in the Kanarese area, especially at Bellary, and in view also of the desirability of providing for a complete Secondary School course for the girls who are now reading in the fourth form, I support the Inspectress's proposal and accordingly have the honour to recommend that Government may be pleased to sanction the opening of Forms V and VI in the School with effect from 1-7-1930 and 1-7-1931 respectively.

2. Strength:-

From a comparison of the strength of the School during 1927-28 and 1929-30 - Vide margin for Statistics - it may be seen that, the number of pupils in the higher classes is increasing and this may be taken as an indication of the growing popularity of the School. With the grant of exemption from payment of fees to poor girls in middle and Higher Elementary Schools under G.O.No. 1047 Mis. Education dated 13-5-1929, the number of pupils in the schools is likely to increase further. An ultimate strength of about 25-30 may be expected in the 3 upper forms (Forms V to VI) within the next few years.

. IV	..	9	" IV
otal	163	211	

3. Accommodation:-

The School is still located in a private building a monthly rent of Rs.120/-. The Landlord agrees to make extension to the building suitable to the needs of the School higher rent at Rs.200/- suitable to the needs of the School per ensem is paid. As the Inspectress reports that there is no other ace so centrally situated, so open and so sanitary as this, with spacious playground, the School may have to be continued in this ilding, until it is provided with a permanent habitation of its n. An additional rent of Rs.80/- per mensem (Rs.200 -Rs.120) y be provided for in connection with the opening of higher forms

ndit and the staff for special subjects. The following additiona

taff and establishment will be required:-

rom 1-7-1930.

2 Graduate Assistants on Rs. 75-250 each per mensem.
1 Secondary Grade teacher, on Rs. 45-3-90-100.
1 Peon on Rs. 12-18 per mensem.
1 Laboratory peon on Rs. 12-18 per mensem.

rom 1-7-1931.

1 Graduate Assistant on Rs.75-250 per mensem.Vide in this connection annexure to this letter.

5. The financial effect of the proposal as outlined

bove will be as shown hereunder:-

C.P. 26466 B. From the D.P.I., Rec. No. 85-3A/28 of 26.9.2

Govt. Middle school for girls Bellary – Opening of higher form

(E) In fy. No. 822, dated 20.4.28, the Govt sanctioned the ~~Up~~ conversion of the higher elementary school for girls at Bellary into a middle school with classes I to V & forms I to III. In July last the D.P.I reported that there were nine girls who were willing to join the fourth form if ~~Head~~ this was opened in the school & that the addl. form could be managed in the curr. year without throwing extra expdr. on Govt funds. In fy. No. 1631, dt. 12.8.29, the Govt approved of the ~~o~~pening of the fourth form in the school. The Director now subm. proposals for the opening of the fifth form in the next year & of the sixth form in the year after the next. In the circumstances explained in paragraphs 1 & 2 of his letter the Director's proposal to raise the school to the status of a complete

1631 / 21/9/29 (G)

high school may be accepted.

2. Accommodation

In 1927 there was considerable Para 7 (a)
difficulty in securing a suitable
building for the location of the school.
Finally a building owned by one Mr Papia
Chetty was taken on lease for a period Para 7 (b)
of three years, the rent of the building
being Rs 120 a month. The Director states
that the landlord agrees to make an
extension to the building suitable
the needs of the school if the Govt
would pay a rent of Rs 200 a month.
As the construction of a new building
for the school may take time
the proposal to pay an addl rent
of Rs 80 a month may be accepted.

3. Staff.

The Director proposes the following
addl staff for the ~~high school~~
School :—

1 [illegible] 1 graduate asstt (Rs 75
Second grade teacher
peon on Rs 12–18.
laboratory peon on R
addl graduate asstt

present one B. A.

who is the headmistress of the school. Under the Madras Edn. Rules there should be one B. A. L.T. for each of the forms IV to VI in addition to the headmistress. The Director's proposal is in accordance with this rule. In some cases where the strength of the higher forms is low, especially in the initial stages, the full complement of staff is not allowed & the headmistress is treated as one of the class teachers, thus limiting the total number of B. A. L.T's to 3 instead of 4. The Director considers that this is not practicable in the present case. He states that though the strength may be small provision is to be made for teaching science subjects as optionals & that under the revised S. S. L. C. syllabus elementary science & Botany subjects have increased the work in high schools. In the circumstances, the full staff admissible under the rules may be allowed.

As regards the addl secondary grade teacher, there are at present classes in the preparatory & m school departments for which ei teachers of the secondary grade a required. As there are now only seven teachers the proposal to a one teacher may be accepte

There is already a peon for th school. There seems to be no need to ~~add~~ add another peon & also a laboratory peon as proposed by he Director. A laboratory peon will alone suffice for the pres

4. Supplies & services & contingenc

The provision made under these h does not call for remarks except that relating to apparatus & ma he Director proposes to introduce e teaching of Science subjects as optionals from the next year. These are popular with girls & Science provides a sum of Rs.1,5 for apparatus & materials in 1930-31 & Rs.1,000 in 1931-32. A provision may be allowed.

5. The file may be sent to Dire in acceptance of the proposals.

is proposed that the rent of the building
should be increased to 200/- as the
landlord has agreed to make an Extension
before deciding whether the new demand
reasonable ~~it is to the~~ it is
necessary to know some particulars about
Extension, when the work will be completed
the D.P.I. may be asked to
obtain this information urgently

30.X

I return this file now as I have not yet got tails of the additional accommodation. The land rd agrees to carry out suitable extensions only the condition that the whole compound together th the school building is taken up for rent at .200 per mensem. The building is the only suita e, and while I admit that the absence of details unsatisfactory I am most anxious that the schoo allowed to develop as its strength is promising.

Sanction from p.4CF. of 28 in VI Form I

2. The School was originally a higher elementary one. It was converted last year into a Middle School with Form III as the highest class — See G.O. No. 822 Fin. dt. 20.4.28. In G.O. No. 1631 Edn. dt. 2.8.29, the Govt. have approved the action of the D.P.I. in having accorded permission to the Opening of Form IV in the

E
S

chool on the understanding that it does not commit Govt. to any extra penditure in 1930-31 or future years. The present proposal of the D.P.I. is develop the School by the Opening of rms V and VI in the next two years. The D.P.I. justifies his proposal on the ground that the Strength of the classes is promising. The present strength in Form IV is 95 it is expected that the ultimate strength in Forms IV to II in the next few years will be 25-30.

3 Subt? that Finance need not object to the proposal being placed before the Finance Committee as a Part II Scheme for 1930-31, ~~subject to the remark that~~ the additional staff to be employed may be temporary for the present. Law (Edn) may be requested to prepare a draft note for the Finance Committee.

(* i.e. till it is seen that there is a reasonable number of pupils with higher forms).

2. In 1928 the Government sanctioned the conversion of the higher elementary school for girls at Bellary into a middle school with classes 1 to 5 and forms I to III. In July last the Director of Public Instruction reported that there were nine girls who were willing to join the IV form if this was opened in the school and that the additional form could be managed in the current year without throwing any extra expenditure on Provincial funds. The Government therefore sanctioned the opening of the IV form in the school. The Director now submits proposals for the opening of the V form in the school from 1st July 1930 and of the VI form from 1st July 1931. The present strength in the IV form is nine and the Director states that an ultimate strength of about 25 to 30 may be expected in the three higher forms within the next few years.

3. The present staff of the school consists of a headmistress in the cadre sub-assistant inspectresses and school assistants and seven secondary grade teachers besides the pandits and the staff for special subjects. The following additional staff will be required consequent on the opening of higher forms in the school :—

From 1st July 1930.—Two graduate assistants; one secondary grade teacher and one laboratory peon.

From 1st July 1931.—One additional graduate assistant.

The school is now held in a rented building on a rent of Rs. 120 a month. Additional accommodation is necessary for the new forms proposed to be opened. The Director reports that the landlord of the building in which the school is now located has agreed to make an extension to the building suitable to the needs of the school if the rent is raised to Rs. 200 a month. An additional provision of Rs. 80 a month for rent will therefore be required.

4. The Director's proposals may be accepted and a provision of Rs. 5,000 made in the next year's budget towards the additional expenditure involved on account of the opening of the higher forms. The Director anticipates an income of about Rs. 340 by way of fees from the proposed higher forms.

It is proposed to sanction the additional staff on a temporary basis for a period of three years, the question of its permanent retention being considered at the end of that period.
